

TECHNICAL DATA SHEET

9MM CARPET GRIPPER

Valid from June 2022
Subject to change without notification

IDEAL WITH THICKER FOAM UNDERLAYS

9mm carpet gripper better matches thicker underlay heights, eliminating the unsightly 'waterfall' effect at the room edge.

Made in 28mm Full Width concrete, wood and standard.

| Easy | <ul style="list-style-type: none"> • Sharp Kongo® Long-Point® pins penetrate the toughest carpet backings • Short-grain plywood for quick cutting and fitting to any space |
| Economical | <ul style="list-style-type: none"> • No 'call-backs' on a quality Australian carpet gripper • Superior quality saves the installer time and money • Additional anchoring nails aren't required |
| Clever | <ul style="list-style-type: none"> • Your choice of short, medium and long pin heights • Grippers for any installation, carpet backing or traffic area |
| Made to Standard | <ul style="list-style-type: none"> • AS/NZS 2455.1 compliant |

PRODUCT SPECIFICATIONS

SureEdge® 9mm Full Width™ contains original Kongo® LONG-POINT® pin nails in 2 neat rows to penetrate and grip dense and course carpet backings. Hardened Kongo® 'black' anchoring nails secure this gripper to any subfloor without bending or breaking.

The 9mm height is an Australian invention, designed for use with thicker 8-12mm underlays. By matching the gripper to the underlay height the unsightly 'waterfall' effect at the room edge is eliminated.

- 90 lgths/box 28mm Full Width Standard*
- 72 lgths/box 28mm Full Width Wood
