AIRLAY UNDERLAY

Airly provide an extensive range of different carpet underlays for both the commercial and residential market. Not only does Airly Carpet Underlay improve underfoot comfort, it also improves the acoustic and thermal insulation properties of the carpeted floor.

BETTER FOR YOU AND BETTER FOR THE ENVIRONMENT

Airly Underlay is made from 90% post-industrial recycled foam. The foam is recycled from the manufacture of mattresses, car seats, chairs, and lounge suites. The foam is sorted, heat treated and re-bonded into quality carpet underlay, thus minimising land fill and waste.

Airly guarantees the performance of the foam underlay for the life of the carpet.
