AQUASAFE COLLECTION

AquaSafe has been specially engineered to provide superior slip resistance in wet environments, such as bathrooms and showers. Its durable design helps minimize the risk of slipping, especially in barefoot areas. The reinforced surface not only offers excellent protection against stains but also simplifies maintenance, ensuring long-lasting safety and reliability.

Suitable for wet rooms, walk-in showers, and changing rooms, as well as other commercial and residential environments where the risk of spillage or exposure to contaminants is present.
