

### SUPER GRIP

Super Safe flooring is permeated end to end with a complex aggregate composition ensuring lifelong slip resistance.

**Sustainable slip resistance ensures that as surface wear occurs, the quality of the product is not compromised.**

PRESSURE FROM FOOTFALL

### SUPER FLEXI

Non-ridged Super Safe is pliable and able to bend allowing it to be easily installed into corners and coves. Great for walls, stairs and tricky areas.

### SUPER STICK

The smart cellulose backing provides Super Safe excellent adherence to the subfloor minimising installation time and maximizing product performance.

### SUPER HYGIENIC

Super Safe offers the benefit of an easy to clean surface ensuring a hygienic environment and a safe non-slip solution.
